

# Topaz – Amazon Adventures (YR 5)

## Choose your homework from the grid below:

You can choose as many tasks as you like. If you need a book or paper to record your work, just ask. You have the whole half term to choose and complete as much as you can.  
Return by the final week to receive your reward!

Make a poster asking people for help saving the rainforest.	Design and make a rainforest model. Think about the plant layers e.g. forest floor and canopy.	Create your own artwork of an animal you would find in the rainforest. You could sketch, paint, collage or create a model.
Write a diary entry describing your time hiking through the Amazon rainforest. <i>What did you see? What memories stuck with you? How were you feeling?</i>	Find out about a country in South America, create a fact file about this country.	Use the internet to find out what the weather is like in the Amazon Rainforest. <i>Could you record this in a table or using a graph?</i>
Make a rainforest survival guide. <i>You could include a kit list, dangerous animals to watch out for, health and safety instructions and a diagram of how to build a shelter.</i>	On a map, identify South America, Brazil and the Amazon Rainforest.	Draw or find an image of the rainforest and label the different layers. <i>The layers include the following: emergent trees, canopy, understory and forest floor.</i>
Create a word search including 10 key words you have learnt from our topic.	Create a glossary for the following key words: climate, equator, continent, rainforest, tropics, canopy, deforestation, indigenous, vegetation, understory and tropical.	Read a book and write a review. What did you like about it? What did you dislike? Would you recommend it to a friend?
